

Thriving Alongside AI

Where: Royal College of Surgeons, 26 York Street, Dublin, D02 P796

When: Thursday 30th April 2026

Time: 10.15am – 2pm

Keynote:

Professor NA Fu, Professor of Responsible Leadership and Dr Laura Berry, Assistant Professor in Digital Marketing and AI, Trinity Business School, Trinity College Dublin

Building Human Skills for an AI Era: Inside the Trinity AI XR Hub

Professors Na Fu and Laura Berry from Trinity College Dublin will present insights on the novel Human–Tech Skill Complementarity framework, highlighting how human capabilities and AI can co-evolve. They will showcase how the Trinity AI XR Hub uses immersive AI and XR to enhance students' confidence, interview performance, leadership, and communication skills through real-world simulations and AI-driven feedback. A practical look at how career services can leverage advanced technologies to prepare graduates to thrive alongside AI.
